

MKE 203 403 803

Versatile Modular Electret Condenser
Microphone System.

Three directional patterns can be selected: Omni (ME 20) super cardioid (ME 40) or shotgun (ME 80). The chosen microphone head simply screws onto the powering module K 3 N (K 3 U with XLR connector). All components can be purchased separately to make the desired combination. The powering module is supplied complete with battery and quick release clip.

Frequency response: ... 50 ... 15 000 Hz
Directional patterns: ... omni, super cardioid, shotgun
Impedance: ... approx. 200 Ω
Sensitivity: ... 3mV, 5mV (MKE 803) at 94 dB SPL
