

## W100S-4

Visaton 10 cm (4") HiFi low-midrange driver 4 Ohm (9020)

### General description

10 cm (4") HiFi low-midrange driver with coated paper cone, elastic rubber surround and temperature resistant 20 mm voice-coil. Suitable as woofer in mini-speaker systems and due to the very balanced frequency response especially suitable as low-midrange driver in 3-way speakers and in subwoofer/satellite systems.
