

**HIGH-FREQUENCY  
WIDE-BAND AMPLIFIER/  
PHASE DETECTOR**

**CA3034V1**

Special-purpose amplifier used in differential input amplifier, dual phase detector with differential output amplifier, and afc applications. 10-formed-lead "TO-5" package; Outline No. 5. For sche-

matic diagrams, see Figs. 278 and 279. This type is electrically identical to type CA3034.
